<sup>2</sup> “The Migration Policy Framework will outline key strategies and actions for regional response, as well as the roles and responsibilities of various actors in migration governance and also assist SADC Member States to align to Global, Continental and Regional frameworks on migration. Once in operation the Regional Migration Policy Framework will facilitate and promote the development and implementation of National Migration Policies as well as tailored National Action Plans” [100].

<sup>3</sup> “A joint UNHCR and SADC regional workshop took stock of the implementation of the 2022 SADC asylum action plan, resulting in the agreement by SADC Member States to prioritize legislative reforms, investment in registration and data management, and implementation of differentiated case processing modalities. In 2024, a regional platform on asylum will be established with SADC to address asylum issues through a “whole-of-society” approach. Moreover, UNHCR will continue to assist Governments to improve decision-making in refugee status determination processing” [107].
