¹The reference populations of 2005, 2010, and 2015 were used for each five-year period (2003-2007, 2008-2012, and 2013-2017). **M-P:** Manager-Professional, **O-S-T:** Officer-Service-Trade, **A-F-F:** Agriculture-Forestry-Fishery, **USLUSL:** Unskilled manual labor.

Supplementary Table 7. The time trends of three major economic indicators in percentage (%), which are the real gross domestic product (RGDP), the unemployment rate (UnR), and the rate of customers price index (CPI) from one year to the next.

Year	RGDP	UnR	CPI
2003	3.1	3.7	3.5
2004	5.2	3.8	3.6
2005	4.3	3.9	2.8
2006	5.3	3.6	2.2
2007	5.8	3.4	2.5
2008	3	3.3	4.7
2009	0.8	3.8	2.8
2010	6.8	3.8	2.9
2011	3.7	3.5	4
2012	2.4	3.3	2.2
2013	3.2	3.2	1.3
2014	3.2	3.6	1.3
2015	2.8	3.7	0.7
2016	2.9	3.8	1
2017	3.2	3.8	1.9

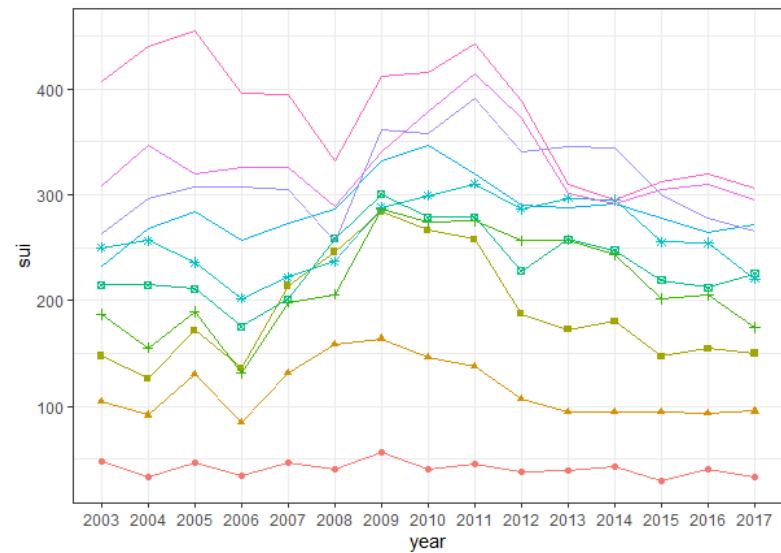

(a) Crude rates of overall suicide by sex

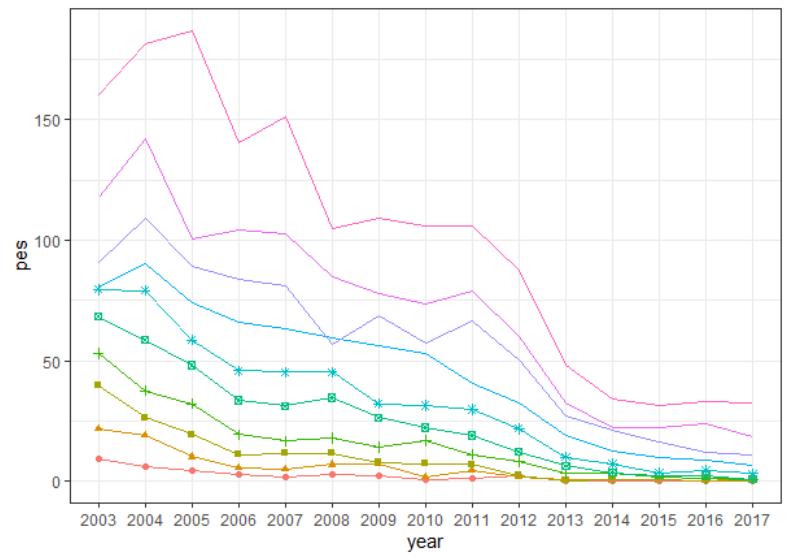

(b) Crude rates of suicide by pesticide by sex

Supplementary Figure 1. The overall suicide and suicide by pesticide rates by sex of the population age 15-64, including workers and non-workers, per 1,000,000.

(a) Crude rates of suicide overall by age

(b) Crude rates of suicide by pesticide by age

Supplementary Figure 2. The suicide overall and suicide by pesticide rates by age of the population age 15-64, including workers and non-workers, per 1,000,000.
