

We certify that the following article

**A 2D Electrostatic Non-Linear II-Order Differential Model with Singularity
Based on Mean Curvature for Electrostatic Circular Membrane MEMS Devices:
A Result of Existence and Uniqueness**

Mario Versaci

has undergone English language editing by MDPI. The text has been checked for correct use of grammar and common technical terms, and edited to a level suitable for reporting research in a scholarly journal.

MDPI uses experienced, native English speaking editors. Full details of the editing service can be found at
