

(a)

(b)

Supplementary Figure S1. (a) Test article and (b) PCR amplification of test article by ITS DNA analysis. M: 1Kb(+), 1: test article, N:negative control.

Supplementary Table S2. Genetic identification of test article by ITS DNA analysis

| Sample | Gene bank No. (NCBI) | Identification | Similarity |
|-----------------|----------------------|--------------------------|----------------|
| Evenig primrose | MT610948.1 | <i>Oenothera biennis</i> | 704/704 (100%) |
