

Dear Editor

I wish to submit a new manuscript entitled “Plasmonic refractive index sensor based on resonant system with two plasmonic waveguides, two rings and two cavities” for consideration by the journal Photonic Sensors. I confirm that this work is original and has not been published elsewhere nor is it currently under consideration for publication elsewhere. Thank you for your consideration of this manuscript.

Title :

Plasmonic refractive index sensor based on resonant system with two plasmonic waveguides, two rings and two cavities
